

DELTA ONE MANUFACTURING LLC

Service-Disabled Veteran-Owned Small Business (SDVOSB)

COMPANY OVERVIEW

Delta One Manufacturing LLC is a Service-Disabled Veteran-Owned Small Business (SDVOSB) providing precision CNC machining, fabrication, finishing, and engineering support to federal agencies, prime contractors, and defense manufacturers. We deliver mission-ready components built to meet stringent federal and DoD standards with a focus on quality control, compliance, and on-time performance.

CORE COMPETENCIES

- Precision CNC machining (milled and turned components)
- Laser cutting and sheet metal fabrication
- Structural metal manufacturing and custom weldments
- Surface finishing and plating coordination
- Electroplating, anodizing, and coating support
- Die, tool, jig, and fixture manufacturing
- Engineering and manufacturing support
- Quality inspection and compliance documentation

DIFFERENTIATORS

- SBA-Certified SDVOSB
- Registered in SAM.gov
- WAWF / PIEE registered for electronic invoicing
- SPRS registered (NIST SP 800-171 Basic Assessment)
- DD2345 (In Process)
- ISO 9001-aligned quality management practices
- Prime contractor capability for Federal & DoD contracts
- Veteran-led leadership with federal contracting knowledge
